ENVIRONMENTAL SUSTAINABILITY ASSESSMENT (ESA)

The ESA will help your company establish proactive sustainability processes to improve your operational efficiencies, reduce costs, and reduce environmental impact. Waste Wise staff will get to know your company and operations through dialogue with staff and becoming familiar with your facility. Recommendations will be made in a comprehensive report to help meet your goals throughout the year.

BASIC SITE VISIT

The business site visit provides an overview of potential opportunities your business has to improve waste reduction, recycling, resource conservation and energy efficiency, reducing costs. An inventory of recommendations will be provided following the visit.

YEAR-ROUND CONSULTING

As a member of Minnesota Waste Wise, you will receive year-round phone and email consulting on environmentally sustainable business practices that save money and protect the environment.

PRESENTATIONS & EMPLOYEE TRAINING

Education is a valuable way to introduce the issues and gain employee participation in company environmental sustainability initiatives. Waste Wise staff provide presentations and training to help educate employees, customers and vendors about your company's sustainable business practices.

WORKSHOPS & EVENTS

Minnesota Waste Wise hosts a variety of sustainable business workshops and events throughout the year. Members receive notifications of upcoming events and reduced rates on attendance.

MEMBER RECOGNITION

We can help improve your environmental - or "green" - image by promoting your successful waste reduction and energy efficient practices to your customers and the public. A positive environmental image can help increase employee morale, community support and customer loyalty.

RECYCLING PROGRAMS

Participate in our free and easy recycling program for plastic bags and film, cell phones, and printer cartridges. As a member of Minnesota Waste Wise, you also can enjoy discounts on other recycling services.

PUBLICATIONS

Minnesota Waste Wise publications include fact sheets and electronic newsletters that identify trends of resources and solutions for sustainable business practices, including waste reduction and energy efficiency.

SPONSORSHIPS

Waste Wise has a variety of opportunities to sponsor events, publications, and fact sheets. Many of these sponsorships are included in specific membership levels, however your company sponsorship is appreciated and welcome outside of your membership, too.

MEMBER TESTIMONIALS

"Minnesota Waste Wise acts as another eye in the whole process. They help to identify areas for improvement and act as a resource for a variety of waste reduction and recycling issues. Waste Wise really helps businesses improve their waste reduction and recycling - not to mention save money." - Wenger Corporation, Owatonna

"We appreciate the work of the MN WasteWise staff in helping us identify waste reduction opportunities here at Macalester College. We would not have implemented our food waste program without their expertise." - Macalester College, St. Paul
