

The food you love, the time you deserve.™

Mark Blaiser
Executive Director
Minnesota Waste Wise
400 Robert Street North
Suite 1500
St. Paul, MN 55101

Dear Mark,

Tastefully Simple has been committed to waste reduction, recycling and other "green" activities for years as part of our commitment to nurturing the community in which we live. We began participating in Minnesota Waste Wise in 2005, and we couldn't be happier with the results!

Your staff came to our headquarters in Alexandria for the annual audits, got to know our facility, and were very helpful in identifying new ways to reduce waste and save money. We received a complete list of achievements as well as recommended areas of improvement, and solutions for each area.

Our implementation of Waste Wise's suggestions helped us win the 2007 Minnesota Governor's Award for Excellence in Waste and Pollution Prevention ... and more importantly, we have a blueprint—or should I say "greenprint"—for our Green Team to follow as we continue our quest for environmental responsibility. Simple things like reducing paper use and switching off lights and equipment save us money, plus many clients prefer to buy from responsible companies. It's truly a win-win situation!

Warmest regards,

LaTresse Snead
Team Lead, Community Relations
