Printer Cartridge and Cell Phone Recycling – Just Labels Guidelines

How to Use Just Labels When Shipping Printer Cartridges and Cell Phones

In an effort to be more environmentally responsible, we ask participants to help reduce the valuable fossil fuels that are consumed when empty boxes are shipped.

Use prepaid Just Labels on any sturdy box that you already have to ship your used printer cartridges and cell phones.

Please follow the below requirements:

1. Inkjet cartridges, laser cartridges and cell phones must be shipped separately or separated in smaller boxes inside one larger shipping box.
2. A minimum of 8 cell phones, 18 inkjet cartridges or 8 laser cartridges are preferred at a time. More items shipped together inside one box helps reduce cardboard usage.
3. Just Labels should only be used to ship the minimums listed in guideline 2.
4. Qualifying boxes must be no larger than (20"W x 20"H x 24"D) and not heavier than 40 pounds.

Please carefully pack cartridges and cell phones using old newspaper as a cushion between items.

Tape your box shut when it's full, affix the label on top and leave it at a UPS pickup. Do not call UPS for a pickup as UPS will charge you \$10 each time you call. This charge cannot be refunded.

Please do not put two labels on one box.

Contact Minnesota Waste Wise to order Just Labels at mnwastewise@mnchamber.com or call 651-292-4662.

Thanks for recycling!
